

JJ,

This seems to have started yesterday with the fax "worst nightmare" they confronted the Michigan Militia with it first, although the information as to its origins came from the South because the copy they showed the Michigan Militia still had two FL fax numbers and my fax number on it. I believe that the fax was put out by the FEDS or ADL etc. to establish a motive for actions like in Georgia. No one has ever heard any organization called the Constitutional Militia of the United States, the so called originators of the fax. It was being passed thru a limited fax network to find out who these idiots were and to alert valid militias of their presence. Note that the men arrested in GA are being held without bail and all court documents are sealed for "National Security" reasons. This is a common ploy to hold someone on bogus charges.

Thank you for the heads up, we are keeping a watch on developing facts and are watching our backsides, I suggest everyone do the same.

Harry:

CNN just verified it was Bob Starr and Jimmy McCranie who were picked up in Georgia. We know BOTH these guys VERY well! I just talked with Bob yesterday.....this is bullshit.

Have spoken with Nancy Lord and will keep you posted with any new info.

Heads up, Harry....
